

A note of **THANKS** to Mr. Freda

From Antonella Tanga

Dear Mr. Freda,

I cannot believe I spent two and a half years of the most amazing experience no one could have ever imagined, and all thanks to your generous educational scholarship. You made a dream become true. You have completely changed my life in a wonderful way: by knowing you and realizing that such an amazing person exists in this world I have learnt to see things in a much more deep and profound way; and by being immersed in a completely different culture, far away from my native country, I have increased my cultural background. This fantastic experience would be part of me forever, as it has strengthened my belief in myself. I want to share with you my gratitude for your generosity that gives me the opportunity to pursue an advanced engineering degree and aspire to new opportunities.

Once again, thank you for the vote of confidence that places me one-step closer to realizing a dream. I am committed to my education and I hope one day I will be able to help students achieve their objectives and make true their dreams just as you have done with me. I look forward to being able to give back to the community as a societal engineer.

La vita di un uomo puro e generoso è sempre una cosa sacra e miracolosa, da cui si sprigionano forze inaudite che operano anche in lontananza. (Hermann Hesse) Una dedica in nome della tua grandiosità che ti spinge a lottare per realizzare veri ideali.

THANK YOU SO MUCH!

Sincerely,

Antonella Tanga (ENG'19)
